

## Introduction to The Critters

First hitting the charts during the “sensational sixties”, today’s **Critters** continue rocking and romancing audiences of all ages with top forty hits that are still being played around the world. Their unique history allows them to draw from a diverse catalogue of classic hits to the current chart toppers of today.

Whether you enjoy **The Critters** at your favorite club, community, festival, or even in concert, The Critters create a unique presentation that includes their hit singles, “Younger Girl” & “Mr. Dyingly Sad” (voted into the Top 100 Songs of all time – WCBS radio) as well as the chart busting songs of Tommy James & the Shondells, “Mony Mony” & “Hanky Panky”, etc., to the Four Seasons’ mega-hits, “Who Loves You” and “December ’63 (Oh, What a Night)”. The Critters pack their show with the music you know - the music you love to dance to.

*“.....a Critters show is a guaranteed ticket to an outstanding performance of great music.... The band delivers everything and more a promoter and an audience could ask for!”*

John D. Wilkes - Executive Director  
Sunrise Theatre  
Fort Pierce, FL

*“.....I saw The Critters at a private event—only members and their invited guests. From 6:30pm-9:30pm a crowd of about 250 was treated to the sounds of The Critters. Simply put,... not only did this band do dead on “versions” of their own hit records, but absolutely killed-it with Motown-Disco—and stuff right up to today.*

Blog “Jeff Eats”

Their brand new release, “TIMEPIECES” is being hailed as one of the most listenable and enjoyable CD’s in years!

THE CRITTERS passion for live performance gives audiences at every event an unforgettable night of great entertainment.

The Critters look forward to being part of your special event!
